EDUCATION

MMIT, Pune *B.E. /Computer Science*

March 2018 - March 2021

Pursuing the Degree.

CGPA:9.04

PROJECTS

Food Waste Management Application-

Our app fights food insecurity by connecting food donors with hunger relief organizations. The app targets anyone who wants to donate or receive food. Users answer a few questions and then request a food pick-up. The algorithm matches surplus food to a nearby shelter and sends a driver to transport the food.This was our third year project.

Soft Skills

Calm Demeanor
